sensitile samples

standard sample kit
\$50+shipping

terrazzo tile: 6"x6"x1" grey, sealed without aggregate
scintilla® panel: 6"x6"x1.25" clear
jali® cambia panel: 4"x4"x0.75" clear
terrazzo lumina: 6"x6"x1.25" edge-lit
scintilla® lumina panel: 6"x6"x0.75" clear, edge-lit
pixa: 4"x4"x1.5"
scintilla® tile: 4"x4"x0.5" clear
five jali® panels: 2"x2"x0.75" assorted patterns and colors

jali® panel sample kit
\$78+shipping

jali® cambia panel: 3"x3"x0.75" clear
jali® cascata panel: 3"x3"x0.75" clear
jali® mezzaluna panel: 3"x3"x0.75" clear
jali® mille panel: 3"x3"x0.75" clear
jali® quadrato panel: 3"x3"x0.75" clear
jali® triangolo panel: 3"x3"x0.75" clear
six jali® panels: 2"x2"x0.75" with clear clad and cores of gold, amber, emerald, orange, lime and blue in assorted patterns
three jali® panels: 2"x2"x0.75" with clear core and smoke, bronze and zari clad in assorted patterns

scintilla® panel sample kit
\$72+shipping

scintilla® panel: 6"x6"x1.25" clear
scintilla® panel: 6"x6"x0.75" clear

scintilla® tile sample kit
\$78+shipping

seven swatches encompassing each color in the scintilla® product line:
clear tile 6"x6"x1"
orange, amber, blue, gold, emerald and lime tiles 4"x4"x0.5"

These swatches are just a sampling of the vast array of products we are capable of producing using the technologies we have developed. Please feel free to contact us with regard to your particular project.

Every effort has been made to maintain consistent color, quality, thickness and terminal size between sample chips and full-sized tiles. However, our products are hand-crafted and therefore are subject to slight, naturally occurring variations. Our products are also affected to some degree by the type of light in which they are viewed and batch in which they were made. Please keep this in mind when planning your project.

terrazzo sample kit
\$78+shipping

ten swatches encompassing each color in the terrazzo product line, sealed without aggregate:
grey tile 6"x6"x1"
white, black, blue, brown, orange, yellow, red, violet, and green tiles 3"x3"x1"

jali® tile sample kit
\$35+shipping

jali® mezzaluna tile: 4"x4"x0.5" clear
jali® triangolo tile: 4"x4"x0.5" clear
six jali® tiles: 2"x2"x0.75" gold, amber, emerald, blue, orange and lime in either mezzaluna or triangolo pattern

scintilla® lumina sample kit
\$80+shipping

scintilla® lumina panel: 6"x6"x0.75" clear, edge-lit
scintilla® lumina panel: 6"x6"x1.25" clear, back-lit

terrazzo lumina sample kit
\$34+shipping

terrazzo lumina: 6"x6"x1.25" grey, edge-lit
terrazzo lumina: 6"x6"x1.5" white, back-lit

build your own sample kit
prices vary

We happy to create a customized sample kit. Make your selection from the menu on page 2, then list the contents on page 3. Contact us for information on larger samples or prototypes

NOTE: all Scintilla®, Scintilla® Lumina, and Jali® samples will be coated with 1/8" clear cast acrylic clad on both sides. All Terrazzo samples will be sealed with urethane. For other laminates, please contact us.

payment

Please fax or email us your completed sample order form.
Phone us at 313-872-6314 to provide payment details.
Please do not send credit card information via email.

build-your-own sample kit menu

terrazzo a highly durable concrete embedded with light channels • ideal for a variety of horizontal and vertical surface applications, including flooring, wall coverings, countertops, sculptural and decorative surfaces and lighting

	SIZE (l•w•h)	COLOR	SURFACE FINISH	PRICE
TILE & SLAB SAMPLES	3" x 3" x 1"	gray • white • black • brown • red • orange • yellow • green • blue • violet	urethane sg (see note)	\$7
	6" x 6" x 1"	gray • white	urethane sg (see note)	\$16
	6" x 6" x 1"	black • brown	urethane sg (see note)	\$17
	6" x 6" x 1"	red • yellow • blue • violet	urethane sg (see note)	\$18
	6" x 6" x 1"	orange	urethane sg (see note)	\$20
	6" x 6" x 1"	green	urethane sg (see note)	\$22

terrazzo lumina combines the durability of concrete with a light source • applications include vertical and horizontal surfaces, flooring, wall coverings, countertops, pixilated signage and lighting

	SIZE (l•w•h)	COLOR & LIGHTING	SURFACE FINISH	PRICE
TILE & SLAB SAMPLES	4" x 5" x 1.25"	Edge-lit white • other colors available as custom request	urethane sg (see note)	\$26
	4" x 8" x 1.5"	Back-lit white • other colors available as custom request	urethane sg (see note)	\$50

jali® light-refractive polymer panels carved with intricate patterns allowing the panels to bend light and create intriguing shadows • applications include room dividers, structural walls, suspended floors, ceilings, tabletops, countertops and public art installations

	SIZE (l•w•h)	COLOR	PATTERN	PRICE
TILE SAMPLES	4" x 4" x 0.5"	clear • emerald • gold • lime • blue • red-orange • amber • bronze • zari • smoke	cambia • cascata • mezzaluna • mille • quadrato • triangolo	\$14
PANEL SAMPLES	4" x 4" x 0.75" (0.5" core + lam.)	clear • emerald • gold • lime • blue • red-orange • amber • bronze • zari • smoke	cambia • cascata • mezzaluna • mille • quadrato • triangolo	\$14

scintilla® an acrylic material which employs the properties of total-internal reflection to channel and redirect light hitting its surface • applications include wall tiles and panels, countertops and

	SIZE (l•w•h)	COLOR	SURFACE FINISH	PRICE
TILE SAMPLES	4" x 4" x 0.5"	clear • emerald • gold • lime • red-orange • blue • amber	clear • matte	\$11
	6" x 6" x 1"	clear • emerald • gold • lime • red-orange • blue • amber	clear • matte	\$28
PANEL SAMPLES	4" x 4" x 0.75" (0.5" core + lam.)	clear • other colors available on request	---	\$19
	6" x 6" x 1.25" (1" core + lam.)	clear • other colors available on request	---	\$40

scintilla® lumina an acrylic material which combines a surface with a light source • applications include room dividers, lighting, signage, wall coverings and furniture

	SIZE (l•w•h)	COLOR	SURFACE FINISH	PRICE
PANEL SAMPLES	6" x 6" x 1.25" (1" core + lam.)	clear • other colors available on request	clear • matte	\$56

All terrazzo samples are sealed with urethane SG (semi-gloss), unless otherwise specified. Other surface finish options include the penetrating finish and urethane G. Penetrating finish has the look and feel of typical stone and is used for most outdoor applications. Urethane G is a glossy finish, ideal for heavy-duty or commercial applications. Expect an additional 5-10 day lead time for penetrating finish and urethane G. Prior to sealing, Sensitile must be informed of the product's application. For tiles and slabs used as countertops, bars or furniture, a sealant that passes applicable food regulations will be applied.

Jali® cambia is composed of randomly sized cuts and slashes arranged sporadically to encourage light refraction from every height and angle.

Jali® cascata resembles a waterfall through randomly spaced light deflectors of varying sizes and angles that are active from every orientation

Jali® mezzaluna features short, round slices, similar to tiny half-moons that redirect shadows and light back to the surface in a poignant and subtle manner.

Jali® mille contains many tiny slices and slashes arranged sporadically with varying lengths and depths, allowing it to sparkle from every orientation

Jali® quadrato has symmetrically stacked refractive acrylic squares with slight variations among rows. It resembles flattened honeycomb.

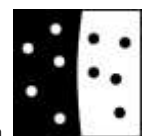

Jali® triangolo is composed of aligned rows of light-reactive triangles, redirecting light and shadows in a consistent pattern.

Clear is most responsive to light. Matte is ideal for horizontal surfaces where scratch-resistance is an issue.
